LED Dual DSLR Battery Charger

Duracell DRN6112 battery charger:

Never miss a moment with the dual digital camera battery charger from Duracell. A dual port design allows for simultaneous charging of two batteries, combined with inter-changeable plates that allow for the re-charging of batteries from different camera models at the same time*. Two different charging modes are available; Rapid Charge Mode that quickly restores battery level and Conditioning Charge Mode which provides a gentler current to prolong battery life. Built-in intelligent control automatically identifies battery voltage and capacity to safely deliver maximum power whilst protecting against over current and over voltage.
